

We are a company providing logistical solutions designed to meet the diverse needs of today's demanding business environment. Freight Services

prides itself on each partnership we have established between the clients we serve. We observe and listen, understanding business needs before recommending a logistics solution that will ultimately fulfill the client's objective.

International

International Services:

- > Full Container
- > Partial Container
- > Containerization
- > Air Freight
- > Carnet Acquisition
- > Export Licensing
- > Insurance Services

When shipping to foreign countries there are many obstacles a company must be aware of to successfully navigate your shipment to its final destination. Freight Services takes the guesswork out of international shipping. We provide our clients with the tools necessary to clear customs without delay or unnecessary charges. To provide a total package, Freight Services offers U.S and foreign customs brokerage, bridge-crossing services, and digital cargo inspection. If your shipment is critical, specialized, and time sensitive, or if you need a more economical route, Freight Services guarantees to meet all your needs. No matter the size, commodity, or weight, Freight Services has the experience and knowledge needed to offer a transportation solution.
