

General Information on Dimensions for Cargo on PASSENGER Aircraft

US STANDARDS – UPRIGHT LOADING

FORWARD Compartment

Forward Cargo Door size: 48 in(W) x 34 in (H)

Maximum Length for Height and Width for Loading of Forward Compartment (Shown in Inches)

Height	Width								
	5	10	15	20	25	30	35	40	45
	Length								
34	142	140	136	114	86	76	65	56	56
32	142	140	140	130	86	86	74	66	60
30	146	144	142	136	86	86	84	76	65
28	146	144	144	144	86	86	86	84	74
26	153	150	148	144	140	86	86	86	78
24	156	152	150	148	146	86	86	86	84
22	158	156	152	150	146	86	86	86	86
20	160	159	156	153	146	86	86	86	86
18	164	160	158	156	154	86	86	86	86
16	165	162	160	158	156	86	86	86	86
14	167	164	161	159	157	154	86	86	86
12	169	166	163	160	158	153	86	86	86
10	171	167	164	162	160	157	86	86	86
5	173	168	166	164	162	160	150	86	86

Some 737-300s have auxiliary fuel tanks in aft compartment which limit cargo capacity.

Note: Length are approximate. In many cases, tilting and/or rotating packages through door opening will allow additional lengths.

If your shipment Dimensions are bigger than the provided chart above, the shipment will need to be tendered to a all cargo aircraft.
