FOR IMMEDIATE RELEASE

FREIGHT SERVICES PROUDLY ANNOUNCES
CHARTER AFFILIATE MEMBERSHIP WITH
THE AMERICAN ASSOCIATION OF TISSUE BANKS (AATB)

October 28, 2015
Freight Services, Inc.
Tucson, Arizona

In an effort to show our commitment to the tissue banking profession, Freight Services, Inc. is pleased to announce our new designation as an AATB Affiliate Member. As this is the first year of this new AATB membership category, Freight Services is proud to be recognized as a Charter AATB Affiliate Member.

AATB's Affiliate Membership was introduced in 2015 as a membership category for organizations that work closely with tissue banks and support the tissue banking profession, but do not fit the criteria for AATB accreditation. Affiliate Members receive many of the same benefits as other AATB members, including discounted fees for AATB meetings and educational seminars as well as access to member-only discussion forums, documents and directories. Additionally, Affiliate Members receive reduced rates for all sponsorships and exhibitor fees.

"The work Freight Services does align closely to the mission of AATB, and becoming an AATB Affiliate Member is an important way for us to demonstrate our support for the association and its goals. We are proud to be a Charter AATB Affiliate Member and we hope to further support tissue banking professionals by continuing to be the leader in innovative, creative logistics solutions for global clients in tissue banking, medical education & research, & worldwide education programs," says Michael Russell, President of Freight Services, Inc.

"As a Charter AATB Affiliate Member, Freight Services, Inc. has demonstrated their support of AATB and our mission to save and improve lives by promoting the safety, quality and availability of donated tissue and we look forward to working with them," says Frank Wilton, AATB President and CEO.

About FREIGHT SERVICES, INC.

Since 2002, we successfully and creatively filled the need of a rapidly changing marketplace with a strategic focus to satisfy increasing customer requirements for premium transportation services. Freight Services is the leader in innovative, creative logistics solutions for global clients in Tissue Banking, Medical Education & Research, and Worldwide Education programs. We provide the client with awesome customer service through integrated creative solutions while remaining agile by listening to our client's needs.

Today we are a leader in the time sensitive freight market with access to virtually any kind of aircraft or surface vehicle in North America, with the ability to provide service worldwide. This distinctive combination of services allows us the ability to create individualized solutions for every customer. Our fundamental strength is our ability to quickly assess critical situations, identify plausible transportation alternatives and implement custom delivery solutions.

As a non-asset based organization, we have considerable flexibility when managing customers' supply chains. Due to our relationships with local suppliers and global air and ocean partners, we can provide customers with the best routing and pricing options. Our comprehensive, flexible spectrum of services is supported by leading-edge information technology that provides high level of visibility.

About AATB

The American Association of Tissue Banks (AATB) is a professional, non-profit, scientific and educational organization. It is the only national tissue banking organization in the United States, and its membership totals more than 125 accredited tissue banks and 1,800 individual members. These banks recover tissue from more than 30,000 donors and distribute in excess of 2.5 million allografts for more than one million tissue transplants performed annually in the U.S. The overwhelming majority of the human tissue distributed nationwide comes from AATB-accredited tissue banks.
